

# endless revolution:

deploying disruptive technology for fun and profit

@rojoroboto  
#mtc2012 #endrev

the premise

our world is changing

we want to avoid failure

clients want to innovate

reality check

# users want technology

(to be invisible)

the electrician

age of disruption

dev vs ops

# the switch

<http://tinyurl.com/theswitch2>

the opportunity

fun & profit

play by your own rules

# be opinionated

<http://tinyurl.com/c2bxzo>

nothing is sacred

(kill the buddha)

embrace change

the future

making things invisible

# kickstarter
