What Email to Use?

- Starting Anew - Go with Plus Tagging Support
- Gmail and OSX Mail support Plus Tagging
- One email to admin them all
 - sample@gmail.com / sample+apns@gmail.com /
 - sample+dev@gmail.com / sample+edu7@gmail.com

Need to Make a Change?

- [AppleID.Apple.Com](https://appleid.apple.com)
 - change the primary email address
 - update contact and security questions
 - associate additional email address with existing ID
- [iForgot.Apple.Com](https://iforgot.apple.com)
 - reset Apple ID password

My Apple ID

What's an Apple ID?

An Apple ID is your user name for everything you do with Apple: Shop the iTunes Store, enable iCloud on all your devices, buy from the Apple Online Store, make a reservation at an Apple Retail Store, access the Apple Support website, and more.

Moving from an Old to New Mac?

- Migration Assistant is your friend
- Migrate only the User Accounts
- All Media and Device Backups Come Over
- Deauthorize old computer
- Authorize new computer
- iOS Device? Restore from iCloud Backup

iCloud

iTunes Match

- All your music on All your devices
 - 25,000 songs from your library
 - count does not include music purchased from iTunes
- up to 10 devices including your Apple TV
- streaming vs playing directly from device

iTunes Match

With iTunes Match, all your music — even songs you've imported from CDs — can be stored in iCloud. So you can access your music from all your devices and listen to your entire library, wherever you are.

[Subscribe for just \\$24.99 a year](#)

[See how iTunes Match works ▶](#)

A match made in iCloud.

With **iTunes in the Cloud**, the music you buy from the iTunes Store automatically appears on all your devices.¹ And for music you haven't purchased from iTunes, iTunes Match is the perfect solution. iTunes Match is built right into iTunes on your computer and the Music app on your iOS devices.² It lets you store your entire collection in iCloud, even music you've imported from CDs or purchased somewhere other than iTunes. When it's in iCloud, it's available on all your devices. So you can enjoy all your music anywhere, anytime — on your iPhone, iPad, iPod touch, Mac, PC, or Apple TV.
