A better way to bring the **Apple** products your solutions require directly to your clients

and Adobe, Microsoft, Meraki, Promise, Sonicwall and 1000s of other products

Maintain 100% control of the project

Increase your profitability

We've supplied **Apple Computer** products to the clients of Independent IT Consultants for over 25 years

and Adobe, Microsoft, Meraki, Promise, Sonicwall and 1000s of other products

We handle the procurement, delivery, billing (leasing too) and receivables as per your specifications, so you don't tie up your capital in low-margin boxes

We are fully Apple Authorized (iPads too) but offer no technical or consulting services other than AppleCare Warranty hardware repair

So you can focus on **increasing your billable hours** and **growing your consulting business**

**Richard  
Cooperman**
